

NOVOL

spray

NEW!

PREFILL

- Semi-finished product: spray can containing propellant and solvent;
- It enables individual filling of spray cans with selected solvent based product;
- Excellent solution for minor damages and spot repairs;
- Special shape of the nozzle allows for a stream similar to spraying with a spray gun;
- Colour matching to serial shades without the need to use a spray gun;
- Easy application;
- Non-irritating smell;
